Teaching and Learning	
WHAT ADDITIONAL SUPPORT CAN BE PROVIDED IN THE CLASSROOM?	<p>Work in class is differentiated by task, support & expectation to personalise learning and support children to make progress.</p> <p>All children with identified Special Educational Needs or Disability (SENDs) have an Individual Education Plan (IEP) with targets to help their progress. These are set and reviewed 3 times a year in line with school assessment cycles. Advice from outside agencies informs the IEP. School SENCOs hold the NASENCO qualification or are working towards it. In the Language Resource all staff have a high level of experience and training in the area of speech, language and communication needs (SLCN) and associated difficulties. In the ASC provision staff are trained and undertake additional training to meet varying needs of pupils.</p>
STAFF SPECIALISMS/ EXPERTISE AROUND SENS OR DISABILITY	<p>The school has an Inclusion Team, consisting of staff working in SEN and Safeguarding, led by an Assistant Headteacher who is also a member of the Senior Leadership team. School SENCOs hold the NASENCO qualification or are working towards it.
